Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant proposed two solutions to one of the rejections- examiner said the one that removed the limitations regarding the curvature would appear to better clarify the claims. Applicant proposed amending the claims to claim the disclosed adjustability - although it would take further review, Examiner thought that since adjustability is often obvious, that a prima facie rejection based on adjustability would be appropriate with such an amendment. Examiner was not aware of any limitation that could be added to make the claims allowable..
